

COVID-19 PROTOCOLS, ACKNOWLEDGMENT & WAIVER

What is the purpose of this form?

In response to the Covid-19 Pandemic, we have taken a number of steps to help mitigate the risk of transmission of the Covid-19 Virus. This form serves to notify program participants, parents/guardians, employees and volunteers of the risks associated with Covid-19 in the camping environment and changes to our operating procedures that may impact. This form also serves to enlist the support and help of parents, guardians, campers, guests, and employees in ensuring a safe experience for everyone.

Who should complete this form?

- A custodial parent/legal guardian of an underage camper
- An adult participant of program
- Employees and volunteers

BEFORE YOUR ARRIVAL

All individuals planning to attend any day or overnight event at Fellowship agree to:

1. Monitor health for the 14 days prior to arriving at camp. You should not attend if you have or have experienced any of the following symptoms:
 - fever of 100.4 °F or greater
 - persistent cough
 - shortness of breath
 - diarrhea, vomiting or nausea
 - sore throat
 - unusual, severe or persistent headaches, muscle aches
 - new loss of taste or smell
 - unusual or unexplainable fatigue

Note: We recommend keeping a temperature log and recording any potential symptoms during this period. Bring this log with you at arrival.

2. Self-exclude from participation and not arrive at camp if you have been in close contact with a person who has been diagnosed with, tested for, or quarantined as a result of COVID-19 within 14 days.

Note: If you have been deemed a “close-contact” or have other concerns about potential exposures, please contact us to discuss options for testing and quarantine times.

ON YOUR ARRIVAL DAY

Our arrival and check-in procedures have changed. Please be advised that strict check-in protocols will be in place to help ensure the safest environment possible for our campers, guests, volunteers, and staff. The following information represents some of the arrival procedures that will be in place for those arriving. Look for additional signs and information in advance or at arrival.

ALL ARRIVALS

1. Camp Staff will facilitate temperature screenings at arrival of all employees, volunteers, campers, program participants, and others arriving on site.

Note: If a temperature of greater than 100.4° is recorded, another reading will be made after 10 minutes. If a second reading of over 100.4° is registered the person will not be able to stay.

2. Campers, program participants, employees and volunteers will be asked to confirm their answers to the following screening questions:
 - Have you or anyone in your household currently or within the past fourteen (14) days experienced any symptoms associated with COVID-19?
 - Have you or anyone in your household traveled at any point in the past fourteen (14) days either internationally or to a community in the U.S. that has experienced or is experiencing a high level of sustained community spread of COVID-19?
 - Have you or anyone in your household been exposed to or deemed a “close contact” to a confirmed or suspected case of COVID-19; or have you or anyone in your household been diagnosed with COVID-19 and not yet cleared as non-contagious by state or local public health authorities or the health care team responsible for their treatment?

SUMMER CAMP ARRIVAL

Campers and families arriving for summer camp will participate in a drive-through arrival process. All campers will be dropped off and picked up in front of the Fraser building. All families will be required to stay in vehicles at arrival. Temperature screening of all occupants of the vehicle will be required and initial screening questions will be asked of the registered camper before campers exit their vehicles.

Any individual with a temperature of 100.4 degrees or more will have the opportunity to retake temperature after 10 minutes. Anyone with a temperature above 100.4 will not be able to stay at camp. A camper will not be able to remain at camp if anyone in the car has a temperature above 100.4.

Additional medical screening will take place following the Covid-19 screening to ensure campers arrive at camp healthy and that all medications are received and recorded appropriately.

TIP: We recommend bringing as few people as possible along to the camper’s arrival at camp in order to keep the screening procedures moving swiftly.

DURING YOUR TIME AT CAMP

Wearing face masks has been proven to reduce the risk of the spread of viruses and other pathogens.

All campers, guests, volunteers, and employees are required to wear masks when requested and appropriate, unless there is an approved reason for not wearing a mask. Masks must be worn when entering and exiting the dining room and when moving about in the dining room. Campers, guests, volunteers, and employees should provide their own face masks for general use while at camp. Fellowship may have cloth masks available for purchase and may have disposable masks if needed and supplies are available.

TIP: We recommend packing several masks for use while at camp. Pack each mask separately in a zip-loc bag to keep it clean and dry. At least one mask for each day is recommended.

All campers, guests, volunteers, and employees will practice **physical distancing** in accordance with CDC and state guidelines. This means maintaining 6 feet between persons whenever possible. All campers, guests, volunteers, and employees will be encouraged to practice good hygiene, especially frequent hand washing and use of hand sanitizer.

All campers, guests, volunteers, and employees will take part in a **daily health check screening and self-monitoring**.

- **Anyone with a temperature over 100.4° will be immediately quarantined and arrangements made to travel home as soon as possible.**
- **Individuals will continue self-monitoring their health.**

AFTER YOUR TIME AT CAMP

Please continue to monitor your health and the health of those in your household after your stay at Fellowship. If anyone in your household develops symptoms of Covid-19 or tests positive for Covid-19 within 14 days of your time at camp, we ask that you inform the Executive Director at Camp Fellowship. We will determine potential exposures and implement any necessary contact tracing. Should a Fellowship employee or volunteer be diagnosed with Covid-19, we will inform those who may have had contact with them.

It is the responsibility of each camper, guest, volunteer and employee to behave in a manner that complies with current state guidelines and Center for Disease Control recommendation.

If you have questions about these guidelines or need to report a Covid-19 related concern, please contact us by email at covid-19response@campfellowship.org or by phone at 864-998-3400.

ACKNOWLEDGMENT AND WAIVER

(waiver form can be signed online during registration)

By signing below, I acknowledge that I have received the Covid-19 Protocols, Acknowledgment and Waiver form. I understand that as a camper, program participant, guest, or employee, I am expected to abide by the requirements set forth in this document, as well as other measures recommended or required by local, state or national authorities. I understand that adjustments may need to be made to available services, programs, facilities, and/or schedules based on health and sanitation protocols.

I acknowledge that access to certain facilities and program areas is limited to campers and program participants who are registered for a program at Fellowship. Families must remain in their vehicles or in other designated areas when dropping off or picking up campers or program participants.

I recognize that campers, guests, volunteers or employees who are sick or who are exhibiting any symptoms of illness cannot remain at camp and other arrangements must be made for their care.

I understand that daily health screenings are a part of our health management protocol and I consent to daily screenings for myself or my minor child who is participating in program activities. I understand that I or my minor child participating in programs will not be allowed to attend or remain in camp until appropriate testing or quarantine can be completed if screenings so indicate. Likewise, I understand the I or my minor child attending camp will not be able to remain at camp if there has been contact with a person known to be infected with COVID-19 in the previous 14 days.

I understand that all campers, guests, volunteers and employees are required to wear a face mask in buildings and in situations where physical distancing cannot be guaranteed. I understand that I am responsible for providing cloth masks with two or more layers of material for use during camp sessions. I understand that physical distancing of 6 feet or more will be expected of campers, guests, volunteers and employees whenever possible. I understand that campers, guests, volunteers and employees will be required to practice good hygiene, including wash and/or sanitizing their hands multiple times throughout the day.

I understand that refund of program fees is subject to our refund policy. Consideration for refund of fees beyond the non-refundable program fee may be available only if approved by the Executive Director in situations where illness or other screening precludes or limits participation in program or attendance at camp.

I acknowledge that even with precautions taken by Camp Fellowship to reduce the risk of transmission of communicable diseases, the risk for COVID-19 and other viruses cannot be completely mitigated. In registering for and attending this program, I, on behalf of myself, and my minor child (if applicable), release Camping Ministries of the Carolinas, Inc. and Camp Fellowship of any liability and waive the right to sue if any illness, loss or injury results from participation in the activities. I acknowledge the nature of the activities and the risks involved and choose voluntarily to accept those risks. I agree not to hold Camping Ministries of the Carolinas, Inc. and Camp Fellowship responsible for any loss that may result from participation in the activities or programs.
